I/we understand that the student completing this application makes a commitment to the staff and will be responsible to learn the academic skills and apply them to the production of the school yearbook. Evaluation of the student will be made not only on the mastery of skills, but also on their photography assignments. I also know that time outside of class must be devoted to accomplish the tasks and that the advisor must be able to request that extra time in order to meet deadlines. By signing this application, the student and the parent agree to dedicate that extra time to the yearbook.
